CHAMF'S PROFILE

The Central Herbal Agro Marketing Federation of India is the non-profit association of Indian organic herbal & Hi-profit crop growers.

The federation is committed for growth and prosperity of the farmers by organic cultivation and marketing of OTC product.

The federation is established in October 2002 by the great effort of Founder member Dr. Rajaram Tripathi. The federation envisage to boost the economic growth in rural area by creating jobs in cultivation and small value addition on rural levels.

The Federation is networking the farmers, growers, traders, manufacture and consumers to benefit from bio-technology revolution in herbal & other hi-profit farming. The federation is aimed to provide the informing on every aspect of herbal cultivation & processing.

It is Strong platform of farmers to directly speak to Indian Government, manufacturer, policy makers and researchers in Agro industry.

The federation has all India network to support the pro farmer in cultivation, technology, processing and marketing. At present there are 20000 farmers are assistance with chamf who have benefited from the 14 technical consultancy cell of CHAMF operating over 17 States in India. CHAMF Shall always strive for prosperity of the farmers and peace on the planet by continuously providing the total solution for hi-profit sustainable organic farming to conserve the bio-diversity of the planet.

OBJECTIVES

CHAMF is biggest marketing organization of organic herbal and aromatic plants grower of India. The federation of farmer will always provide the state of the are cultivation technology, organic planting material/seeds and best prices to the associated farmers. Valuable information on farming, research, marketing, processing and consumption to farmers and life care Quality product to civilization.

NETWORK

CHAMF has a active & effective advisory board from all walk of agriculture - cultivation, agro marketing, agro finance, agro export, agro processing, agriculture law and agriculture mass media communication to guide the farmers. On regional level a chapter to ensure fast dissemination of information and solution to the farmers.

We are cultivating all type of high Value crops of herbs, spices & aromatics in about 20,000 acres fo land successfully dealing not only in the domestic market but also achieved the trend in the global market of the high yielding herbals with valuable information on farming. research.marketing care Quality product to civilization.

The present global Socio - economic panorama demands for cultivation of high value crops like medicinal and aromatic plants. To tap rising demand of herbs and herbal drugs on large scale in the National and International Market commercialization of medicinal and aromatic plants has become the need of the hour.

For this venture CHAMF is constituting an "Advisory Board " of Agricultural Experts in the field of (1). Project Planning (2). Agronomical Research and Development (3). Agricultural Finance (4). Agricultural Export (5). Marketing and sales. Packaging and Transportation. Agricultural Education and Training. Agricultural Law. Agricultural Mass Communication. Rural Development. Agro Industry. Agro Pharmacy and Agricultural Co-operative sector.
